### FIFRA 25(b) Exempt Insecticide

EcoVia EC fills the need for a highly effective, broad spectrum insecticide while meeting customer and regulatory demands for a green solution. Created through a rigorous research and development process, EcoVia EC has been extensively tested in the lab and proven in the real world. The botanical oils in EcoVia EC were specifically chosen for their efficacy on a wide range of pest species both indoors and out. EcoVia EC provides the ultimate in application flexibility with no pyrethroid or neonicotinoid application restrictions. A winning combination of efficacy and flexibility in a minimum risk product, EcoVia EC provides PMPs an Unfair Advantage.

- Research-based botanical insecticide, EPA Exempt 25(b) product
- Mixes and stays in solution easily, like a traditional synthetic insecticide
- Minimal fragrance at label application rates
- More gentle on equipment than some essential oil pesticides
- Broad label with indoor and outdoor use, including livestock facilities
- Powerful broad spectrum efficacy on a wide range of crawling and flying insects.
- Excellent for mosquito and tick applications
- NOP Compliant

Pyrethroids
LambdaStar 9.7% CS
LambdaStar UltraCap 9.7%
FenvaStar EcoCap
FenvaStar Plus
