Alpine® WSG Water Soluble Granule Insecticide

Powerful protection meets flexibility.

Alpine WSG is well positioned as the anchor of our Absolute Ant Control solution and Complete Cockroach control solutions. Additionally, it has the efficacy and label flexibility to control all other pests.

This innovation is taking the industry by storm with its supreme efficacy providing economic sustainability by reducing call backs, leading to better customer satisfaction and increased referrals.

General Information

Full Food-Handling Uses: Can be applied while kitchen is in operation.

Non-staining Solution: Dissolves into a clear solution that does not stain upon application.

Genuine Transfer Effect Technology: Shows strong transfer effect among ants; even at a ratio of 1 donor ant per 50 recipients.

Most Flexible Label on the Market: Label allows surface and curative broadcast applications for ants in yards, lawn and landscaping, and has full food-handling uses.

Limited Application Interval Restrictions: Label does not impose any restrictions on how often treatments may be applied.

Non-pyrethroid and non-repellent to prevent "lock-in".

All the power you have come to expect from the Alpine insecticide family.
