

PROFESSIONAL PEST MANAGEMENT

# APPLY IN MORE PLACES. CONTROL MORE PESTS.

- ▶ Powered by two active ingredients, *lambda-cyhalothrin* and *thiamethoxam*
- ▶ Labeled for "cupboard to curb" control of more than 90 perimeter and turf pests
- ▶ Formulated with iCAP™ technology so microcaps of multiple sizes provide immediate and long-term control for up to four months
- ▶ Can be applied indoors, outdoors and in food-handling establishments, as directed by the product label

## Control insects from cupboard to curb

Nuisance insects, such as ants, can make their home anywhere, including inside or outside of your customers' homes. To help you treat multiple areas for multiple pests, Syngenta developed Tandem® insecticide to give you one product with two modes of action.

### Control of ants and other nuisance pests around structures<sup>1</sup>

 **Tandem®**  
Insecticide

**syngenta®**

In the State of New York, Tandem may only be applied for indoor uses.
