DeltaDust®
DeltaDust is 100% waterproof dust and will not clump or absorb moisture in wet areas. It is approved for use in commercial food-handling establishments, making it an ideal tool for eliminating pests in wet areas of these accounts. DeltaDust is also labeled for application directly into drains that lead to sewers, a common place to find cockroaches, phorid flies and other pests.

- Provides quick control
- Kills crawling insects for up to 8 months when left undisturbed
 - For use indoors and outdoors
 - Does not clump or absorb moisture
 - Non-staining and odorless
 - Controls numerous stored-product pests

Pests controlled
Ants, bedbugs, bees, boxelder bugs, carpenter ants, carpenter bees, carpet beetles, centipedes, cockroaches (including both resistant and non-resistant strains), confused flour beetles, crickets, dark meal worms, drugstore beetles, fleas, firebrats, grain mites, granary weevils, ground beetles, lesser grain borers, millipedes, red flour beetles, rice weevils, sawtoothed grain beetles, scorpions, silverfish, spiders, sowbugs, termites, ticks, tobacco moths, warehouse moths, wasps, webbing clothes moths, yellow meal worms

Please see the product label for a full list of pests.
