## CyhaloCap® CS Controlled Release Insecticide

**High-performance capsule suspension technology for residual control. CyhaloCap CS provides broad-spectrum, residual control of structural pests for PMPs who prefer lambda-cyhalothrin.**

CyhaloCap CS is a dilutable spray containing BASF's proprietary SmartCap microencapsulation technology and featuring lambda-cyhalothrin, a proven active ingredient with broad spectrum activity and effective residual control of structural pests.

## General Information

### Cyhalocap CS Benefits

Proven formulation – Features BASF's SmartCap Technology for proven performance on the toughest surfaces—porous and high-organic matter areas.

Easy for technicians – Easy to mix dilution for effective applications.

Respected active ingredient – Contains lambda-cyhalothrin, which is preferred by some pest management professionals.

BASF support – All our products come with our unparalleled support in the form of training, education and tools to help make your company more profitable.
