Protect

# Cimi-Shield Protect (6 oz yields 1 gal)

**$215.00**

pc-bb20

Ideal for sites where a future problem is anticipated in areas adjacent to active infestations (apartments or hotel rooms) or where bed bugs are likely to be brought in from outside (travelers, hospital settings, dressing rooms). Apply to cracks and crevices, and fabric surfaces like mattresses, furniture, carpets, drapes, etc. **Not recommended for active infestations.**

**Safety Data Sheet (http://www.birdbarrier.com/library/sds_Cimi-Shield.pdf)**

**Not recommended for active infestations**. Cimi-Shield Protect is delivered as 6 ounces of liquid that is mixed with distilled water to make a full gallon. One gallon protects 1,200 - 1,500 square feet of fabric or carpet. Most applications require only perimeter treatment. Cimi-Shield contains a UV marker to verify proper evidence of treatment. Cimi-Shield's active ingredient Residulen, a proprietary mixture of proteins synthesized from soybean oil.

Qty    $215.00
